

Encoder Explorer SW - V6.5 has been released!

We recommend you update the 'Encoder Explorer' Software on your work stations. The upgraded version supports all company products and is backward compatible.

Here's a summary of what has changed

- Angle assignment bug fix
- New feature-Software based multi-turn support

Installing the software

System requirements:

OS Windows 7 or later (x32 or x64)

NET Framework version 4.6.1 or later

Run the Encoder Explorer file found on Netzer website:

[Encoder Explorer Software Tool](#)

Unzip downloaded file and run nested .msi
