

Practical Code of Conduct for Netzer Precision Position Sensors

All managers and employees of “Netzer Precise Position Sensors” are obliged to maintain and comply with the Code of Ethics at all times when performing actions directly or indirectly related to the company’s activity and to do their utmost to ensure their fulfillment by all those within the company premises.

Compliance with Laws

Adhering to legal standards in Israel and internationally.

Safety Focus

Promoting a safe work environment and promptly addressing safety concerns to protect all individuals involved.

Integrity in Actions

Upholding fairness, honesty, and ethical conduct without engaging in fraudulent activities or conflicts of interest. Strict adherence to company protocols is mandatory.

Respect for All

Valuing every individual irrespective of nationality, religion, race, or gender. Zero tolerance for harassment or discrimination.

Asset Protection

Safeguarding physical and intellectual assets, ensuring confidentiality, and proper handling of sensitive information.

Professionalism and Respect

Exhibiting courteous and respectful behavior, fostering a workplace that values the diversity of thought, cooperation, and accountability.

This Code of Ethics serves as the cornerstone of Netzer’s ethos, which is essential for the company’s sustained success and creating a professional, secure, and inclusive work environment for all stakeholders.
